

## INSTRUCTOR PROFILE

### Beverly

A former Adobe Business Manager and avid photographer, she enjoys doing freelance work in design, photography, photo retouching and interactive PDF forms creation. Beverly's work and hobbies take her to exotic international destinations such as India and Africa, where she has done training and freelance work.

### BIO

Beverly was employed by for Adobe Systems for seven years as a Business Development Manager and Adobe Certified Expert. During that time she worked as a representative doing training and presentations at Adobe Conferences, Trade Shows and large accounts across their product line. For the past 8 years she has been teaching the Adobe Creative Suite applications and is an Adobe Certified Instructor and Print Specialist.

Beverly has worked with the Creative Suite applications before they were even in a suite and with InDesign since it's very first beta. She has also been teaching InDesign at UCLA Extension as part of their Design Communication Arts Certificate Program for four years.

In addition to her technical capabilities with the Adobe Creative Suite, Beverly has skills in photography, graphic design and watercolor painting. Her work in photography and digital image retouching have appeared in magazines and on billboards. Her artwork also raises money for organizations like Pets Are Wonderful Support (PAWS/LA), Best Friends Animal Society and other charities.

### EDUCATION
